

Jane Faulkner

Coach's Overview:

Jane's 30 years of combined experience in commercial litigation and executive coaching serve her clients as she helps them get to the heart of the matter, expand vision, develop potential, and create success.

As a leadership and executive coach, Jane works with executives, founders, emerging leaders, lawyers, and teams to develop the presence, skills, and strengths they need to succeed in fast-paced, agile, and global environments. Applying a systems lens, she helps clients build values-based cultures that attract and retain innovative, collaborative talent. Whether she is coaching, facilitating a workshop, or acting as a thought-partner to her clients, Jane gets high marks for her wise, supportive, and inspiring approach.

Samples of Client Engagements:

- **Tech Company executive:** Developed her leadership capacities and her ability to respond to quick-paced, high-demand project teams in a competitive environment.
- **Sr. VP at a public company:** Leading a turn around to create a successful exit strategy and start a new mobile app company.
- **Healthcare VP:** Transforming and developing an existing team to a high performing, strategic team responsible for internal communications.
- **Law Firm Principal:** Building a successful practice while balancing single parent responsibilities.

- **High-Tech Company:** Helped design, implement, and deliver a training and coaching program for employees.
- **Managers of multiple departments in bio-tech firm:** Empowered managers to move past internal disputes to form a high-performing team that took product & process to new highs.
